Dubai, United Arab Emirates · On-site

Associate Director

Jul 2026 - Present · 3 mos

Senior Advisor in Business and Human Rights

Sep 2025 - Jun 2026 · 10 mos

► As part of Control Risks' Business and Human Rights practice, I advise companies, investors, and project developers on human rights due diligence, worker welfare, and security and human rights across the Middle East, Africa, Asia and beyond. Moving to Dubai was a deliberate choice to get closer to the work, advising in contexts where labour rights risks are live, complex, and directly affect the people you meet in the field. My work spans a range of sectors including extractives, infrastructure, real estate, financial services, and consumer goods, covering the full spectrum from strategic framework development to field-based assessment and practical implementation.

Ramboll Management Consulting

Full-time · 2 yrs 11 mos

Associate Manager in Responsible Business Conduct | ESG & Sustainability Consulting

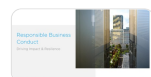

Apr 2024 - Sep 2025 · 1 yr 6 mos

On-site

► As one of the key experts on Human Rights & Business and Responsible Business Conduct at Ramboll, I guided investors and companies towards aligning with the UNGPs and OECD Guidelines, helping them identify and manage human rights impacts and strengthening risk governance. I led ESG and human rights due diligence projects across various sectors and regions, focusing on compliance with evolving regulatory landscape and sustainable investment readiness.

Key responsibilities and achievements:

- Led and managed large projects and tenders, ensuring timely delivery of high-quality outcomes that aligned with client needs.
- Designed and implemented sustainability due diligence processes, embedding them into clients' business models to enhance operational sustainability and reduce impacts & risks.
- Prepared clients for compliance with EU SFDR, CSDDD, Taxonomy, Forced Labour Ban, CSRD, Battery Regulation and national legislation (e.g., LkSG), helping them meet evolving regulatory standards.
- Developed human rights policies, conducted Human Rights and Environmental Impact Assessments and Double Materiality Assessments, and designed risk-based due diligence processes to effectively manage salient impacts.
- Built organisational capacity through training programs, raised awareness of human rights issues, and facilitated stakeholder engagement with external and internal stakeholders, including executive leadership and investment committees.
- Advised on communication and reporting (including ESRs) and measured the effectiveness of HRDD processes.
- Played a central role in developing and expanding our human rights and responsible investment advisory services, contributing to business development and client relationship management.
- Created knowledge products for external distribution.
- People management responsibilities (four direct reports).

Senior Consultant in Responsible Business Conduct | Strategic Sustainability Consulting

Nov 2022 - Apr 2024 · 1 yr 6 mos

► Back in November 2022, I was hired by Thomas Trier Hansen into Ramboll's newly established human rights team within Ramboll Management Consulting and played a key role in shaping the direction, visibility, and global expansion of our responsible business conduct services. Together, as a team of three, we built the foundation of a fast-growing practice with 20+ experts that today supports clients across

sectors and regions with human rights due diligence, stakeholder engagement, and regulatory alignment. During this period, I led and delivered several high-impact projects, co-developed new methodologies and tools, and helped secure key accounts, positioning Ramboll as a trusted advisor in the field. I also contributed to the internal capability-building of our global ESG teams, helping embed human rights expertise across Ramboll.

Sustainability and Human Rights Officer

Full-time
Jan 2020 - Nov 2022 · 2 yrs 11 mos

► I led the development and implementation of Nordzucker’s first human rights due diligence strategy, embedding human rights principles into the company’s business strategy and operations, and driving cross-departmental collaboration.

Key responsibilities and achievements:

- Conducted Human Rights Impact Assessments (HRIA), focusing on high-risk regions for raw cane and ingredient sourcing, and designed human rights due diligence processes to address adverse impacts across operations and value chains.
- Spearheaded the Supplier Sustainability Engagement Program, improving UNGP maturity across high-risk suppliers, reaching over 70% and ensuring sustainable supply chain practices.
- Conducted supplier assessments and audits, as well as factory audits, to assess compliance with human rights standards and sustainability criteria.
- Contributed to the 2030 Sustainability Strategy, reporting on CSRD, EU Taxonomy, and SBTi KPIs. Managed CDP and EcoVadis reporting, while responding to customer, auditor, and civil society requests.
- Led training sessions for 100% of relevant employees to ensure understanding of compliance with the German Supply Chain Act (LkSG) and new due diligence processes.
- Managed stakeholder engagement across internal teams and external partners, promoting the integration of human rights and sustainability in business practices.
- Played a key role in driving organizational awareness and capacity-building through trainings, promoting responsible practices, and enhancing employee engagement on sustainability issues.
- Collected environmental data, supported annual product carbon footprints, and contributed to the adoption of Science-Based Targets.
- Acted as the company’s Value Ambassador, promoting and advocating for responsible business conduct and sustainability.

Wine Specialist

Vivino

Jan 2016 – Aug 2017 · 1 yr 8 mos

Copenhagen Metropolitan Area

► At Vivino, the world's largest wine community (with over 71 million users as of 2025, up from 20 million in summer 2017), I was part of a dynamic team responsible for coordinating and delegating tasks to our team of 50 colleagues in India to build and organise a database of over 8 million wines (also a very different number now 😊). This role helped me develop a strong foundation in project management, team

coordination, and data management during the early stages of this “unicorn’s” growth and fast-paced, evolving startup culture.

- Coordinated a team of 50 colleagues in India, overseeing workflow processes and ensuring efficient task delegation.
- Managed a comprehensive database of over 8 million wines, streamlining data organization and improving access to information.
- Developed systems to ensure smooth operations and organized workflow processes, boosting team productivity and meeting deadlines.
- Curated and maintained information on thousands of wineries, ensuring accurate, up-to-date details for users.
